SKILLS

DATA SCIENCE | Python (numpy, pandas, matplotlib, seaborn, sklearn)
WEB SCRAPING | Python (BeautifulSoup, requests)
BACKEND DEVELOPMENT | Python (django, flask), JavaScript (Node, Express)
FRONTEND DEVELOPMENT | ReactJS, HTML, CSS
DATA STRUCTURES AND ALGORITHMS | leetcode 580 problems, content rating 1685 top 13%

PROJECTS

EVENT MANAGEMENT

The main goal is to develop a sophisticated event management software tailored for RGUKT RK Valley that facilitates the planning, promotion, execution, and feedback of campus events. The web application should be accessible to students, faculty, and event organizers, enhancing their ability to manage events effectively and ensuring high levels of engagement and participation.

Technologies used | Backend (django), Frontend(ReactJs), Database (PostgreSQL)

Website: quadratic-depression.netlify.app

GitHib: github.com/saijayanth59/quadratic-depression/

BROS20

The main goal of this project is to gather all student's data from our batch and visualize its insights.

Technologies used | Python (streamlit, requests, BeautifulSoup, pandas)

Website: bros20.streamlit.app

GitHib: github.com/saijayanth59/lens20

RGUKT HOSTEL COMPLAINT SYSTEM

The main goal is to develop an application that modernizes the RGUKT hostel complaint system, making it more efficient, accessible and user-friendly. Aim to process complaints, enhance communication between students and caretakers, and provide administrators with better tools for managing complaints effectively.

Technologies used | Backend (django), Frontend(HTML, CSS), Database (sqlite3)

Website: linear-depression.vercel.app

GitHib: github.com/saijayanth59/linear-depression/

JOURNAL

The main goal of this project is to maintain a journal of a person's daily activities and manage them.

Technologies used | Backend (django), Frontend(HTML, CSS), Database (sqlite3)

Website: darthvader.pythonanywhere.com/

GitHib: github.com/saijayanth59/journal

EDUCATION

Rajiv Gandhi University of Knowledge Technologies | BTech

Computer Science Engineering | 2022-2026
Pursuing 3rd year CGPA: 9.04

Rajiv Gandhi University of Knowledge Technologies | PUC

Pre University Course | 2020-2022
CGPA: 9.81

Bhashyam Public School | SSC

2nd - 10th | 2012-2020
SSC CGPA: 9.2

PROGRAMMING LANGUAGES

Python | JavaScript | Java | C | php |

COURSEWORK

Data structures and algorithms
Machine learning | Harvard
Data Science | IBM | Harvard
Developing web applications
Python | IBM
ReactJS | Udemey
Django

HONORS & AWARDS

HACKATHON | for securing top 1 rank in the hackathon conducted by college.

INTERESTS

Coding | Reading | Travelling | Cricket | Music |
